

GRAND AT HEART

The Grand President's General Manager, Nathalie Burtin led an effort to support Phrabatnampu Temple. In collaboration with other business partnerships, the hotel's staff members donated basic goods to the temple including towels, blankets, bed sheets and clothing. The temple also received a grant.

Phrabatnampu Temple is located within Lopburi Province and provides HIV positive children and orphans with AIDS with basic necessities including shelter, food, medicine and clothing. With hopes to provide children with normal lives, the temple also works with medical professionals and volunteers to provide sufferers with both physical and mental aid. For more information, please visit www.phrabatnampu.org.
